## Website Report for the Fall Assembly Meeting

Aside from renewing our hosting agreement for two years at a significant discount there is no particular website news to report. As always, feedback is important to our website's quality of service. Your questions, comments and insights are welcome, and pointing out errors or omissions is invaluable. Please send all correspondence to [webmaster@aa-nia.org](mailto:webmaster@aa-nia.org).

Most importantly, please check the links to your district on the *Contact Us* page so it may be as up to date as possible. The meeting lists for quite a few districts are PDF files, many of which have not been updated in some time. We all want to be sure the suffering alcoholics can find a meeting at that critical time when they decide they need one. If your district meeting list is not up to date, please have the appropriate trusted servant send me a new PDF to post.
