

I have been in communication with District 52 and planning a workshop for January 14th in Kankakee.

District 61 has asked to talk about a workshop for them some time after the first of the year. I will/have talked to Carol Palmer today about further plans for this.

I am making arrangements to go to the East Central Regional Conference of Delegates Past and Present as part of my responsibilities.

Nothing new on doing a workshop in District 91 but still plan on that happening sometime in late spring / early summer.

Respectfully submitted;

Robert S.
Alternate Delegate
